# The Final Approved Recommended Fee Package

# What is the Final Approved Recommended Fee Package?

- “At the end of the Spring Semester, the Student Fee Review Board shall present the final approved recommended fee package to the ASCSU Senate”
- The Fee Package recommendation is presented to the University President
- The University President makes recommendations to the Board of Governors in the late Spring. This recommendation has never deviated from SFRB’s recommended fee package.
- The Fees are approved by the Board of Governors and then implemented for the Fall Semester.

# Common Questions Students Have

# Who can serve on the Board?

- ANY STUDENT WHO IS A FEE-PAYING STUDENT
- This means both undergraduate students and graduate students

# What is the difference between SFRB and BSOF?

- The Board for Student Organization Funding, BSOF, allocates funds towards student organizations for educational programming, speakers, food/catering, and more! Our \$150,000 budget goes towards programming and events that will benefit and bring opportunity to the student body and the larger CSU community.
- SDPS Offices would work with BSOF for funding for events.

# Does SFRB fund the SDPS Offices?

- No, SFRB does not fund the SDPS Offices
- SDPS Offices are funded through the General Fund, which is a fund made up of Tuition dollars, State funds, and external funds.
- The Student Disability Center and Women's Gender and Advocacy Center are SDPS Offices AND a student fee area. HOWEVER, student fees only fund a very small, very specific area within the Offices, which were initiated by students.

# What does the workload look like for Members?

- Meetings are Mondays 4:00 pm – 6:00 pm
- Members are encouraged, but not required, to attend the Fall Visit Days. These Visit Days are meant to educate the members on the inner workings of each area, where they are spending their funds, and (a very common question asked) if they are anticipating a fee increase.
- Members are also Liaison for these fee areas, these roles are picked by the member or assigned by the Vice President.
- Members are required to be in contact with their fee areas and gather any information that is asked from the Board.

The Student Fee Review  
Board aims to create  
transparency between the  
students of Colorado State  
University and the directors of  
the Fee Areas that are funded  
by students
