

Executive Cabinet Meeting

February 18th, 2026 | 5:00pm

Location: ASCSU Senate Chambers

Led by: Chief of Staff Bella Simpson

Meeting Objective: The weekly Executive Cabinet Meeting of the Associated Students of Colorado State University is intended to provide a check point of support and communication for all areas of the Executive Branch. Common topics include resource updates, stakeholder presentations, department share-outs, etc. Overall this is the time to get on the same page as an Executive Cabinet. Week 4 of Cabinet restructure consists of reflection, recognition and leadership development. This week focuses on intentional reflection, celebrating progress, and strengthening leadership moving forward. The goal is to pause from execution to evaluate how we are operating as individuals and as a team, while identifying clear actions for the next month.

During the SMART Reflection cabinet will review their goals, assess accomplishments and challenges, and refine priorities connecting it back to week 1: Strategic Planning and Department Alignment to ensure they are specific, measurable, and aligned with their department standards. Through the Menti Word Cloud, cabinet members will share real-time insights on team culture, leadership growth, and overall sentiment, helping surface themes that may not always be voiced in discussion. I thought that implementing Open Floor will provide time while we are all together for feedback, questions, and honest dialogue around improvements, support needs, and upcoming priorities.
