

# Executive Cabinet Meeting

March 25th, 2026 | 5:00pm

Location: ASCSU Senate Chambers

Led by: Chief of Staff Bella Simpson

---

**Meeting Objective:** The weekly Executive Cabinet Meeting of the Associated Students of Colorado State University is intended to provide a check point of support and communication for all areas of the Executive Branch. Common topics include resource updates, stakeholder presentations, department share-outs, etc. Overall this is the time to get on the same page as an Executive Cabinet. This cabinet meeting will focus on **Week 4: Reflection, Recognition, and leadership development**. Cabinet meeting will center on reflection, accountability, and intentional growth as we close out the month of March. The meeting will feature an open floor discussion where members will engage in thoughtful dialogue around key questions, including where we may have operated below our standard, what patterns are emerging in our work, and where expectations may have become less consistent.

Cabinet will also reflect on current priorities, examining what areas require greater focus and where assumptions may be taking the place of clear communication. This space is designed to encourage honesty, alignment, and collective responsibility across all departments.

Additionally, the meeting will include a recognition moment through a word cloud activity, highlighting departments and members who have made meaningful contributions this month. We will conclude by identifying and setting clear priorities to guide our work and impact in the upcoming month.
